

Tuition Refund

Markel's tuition refund product protects private schools and public/private colleges from the financial consequences of students forced or voluntarily withdrawal from school prior to term completion. Schools are empowered to refund tuition and fees in the event of tragedy (e.g., death or injury of a student), reversal of fortune (e.g., unemployment of tuition payer), change in circumstances (e.g., relocation), or even academic/disciplinary dismissal, with the knowledge that they will be reimbursed properly.
